Our Story

With over 40 years of expertise in the metal and construction industries, **KAYGUN METAL** has built a solid reputation for quality and innovation. Leveraging this vast experience, we expanded into the padel court business, launching **PADEL SHINE** as our premium brand in Türkiye. Our mission is to set new standards in padel court design by combining advanced engineering, high-quality materials, and modern aesthetics.

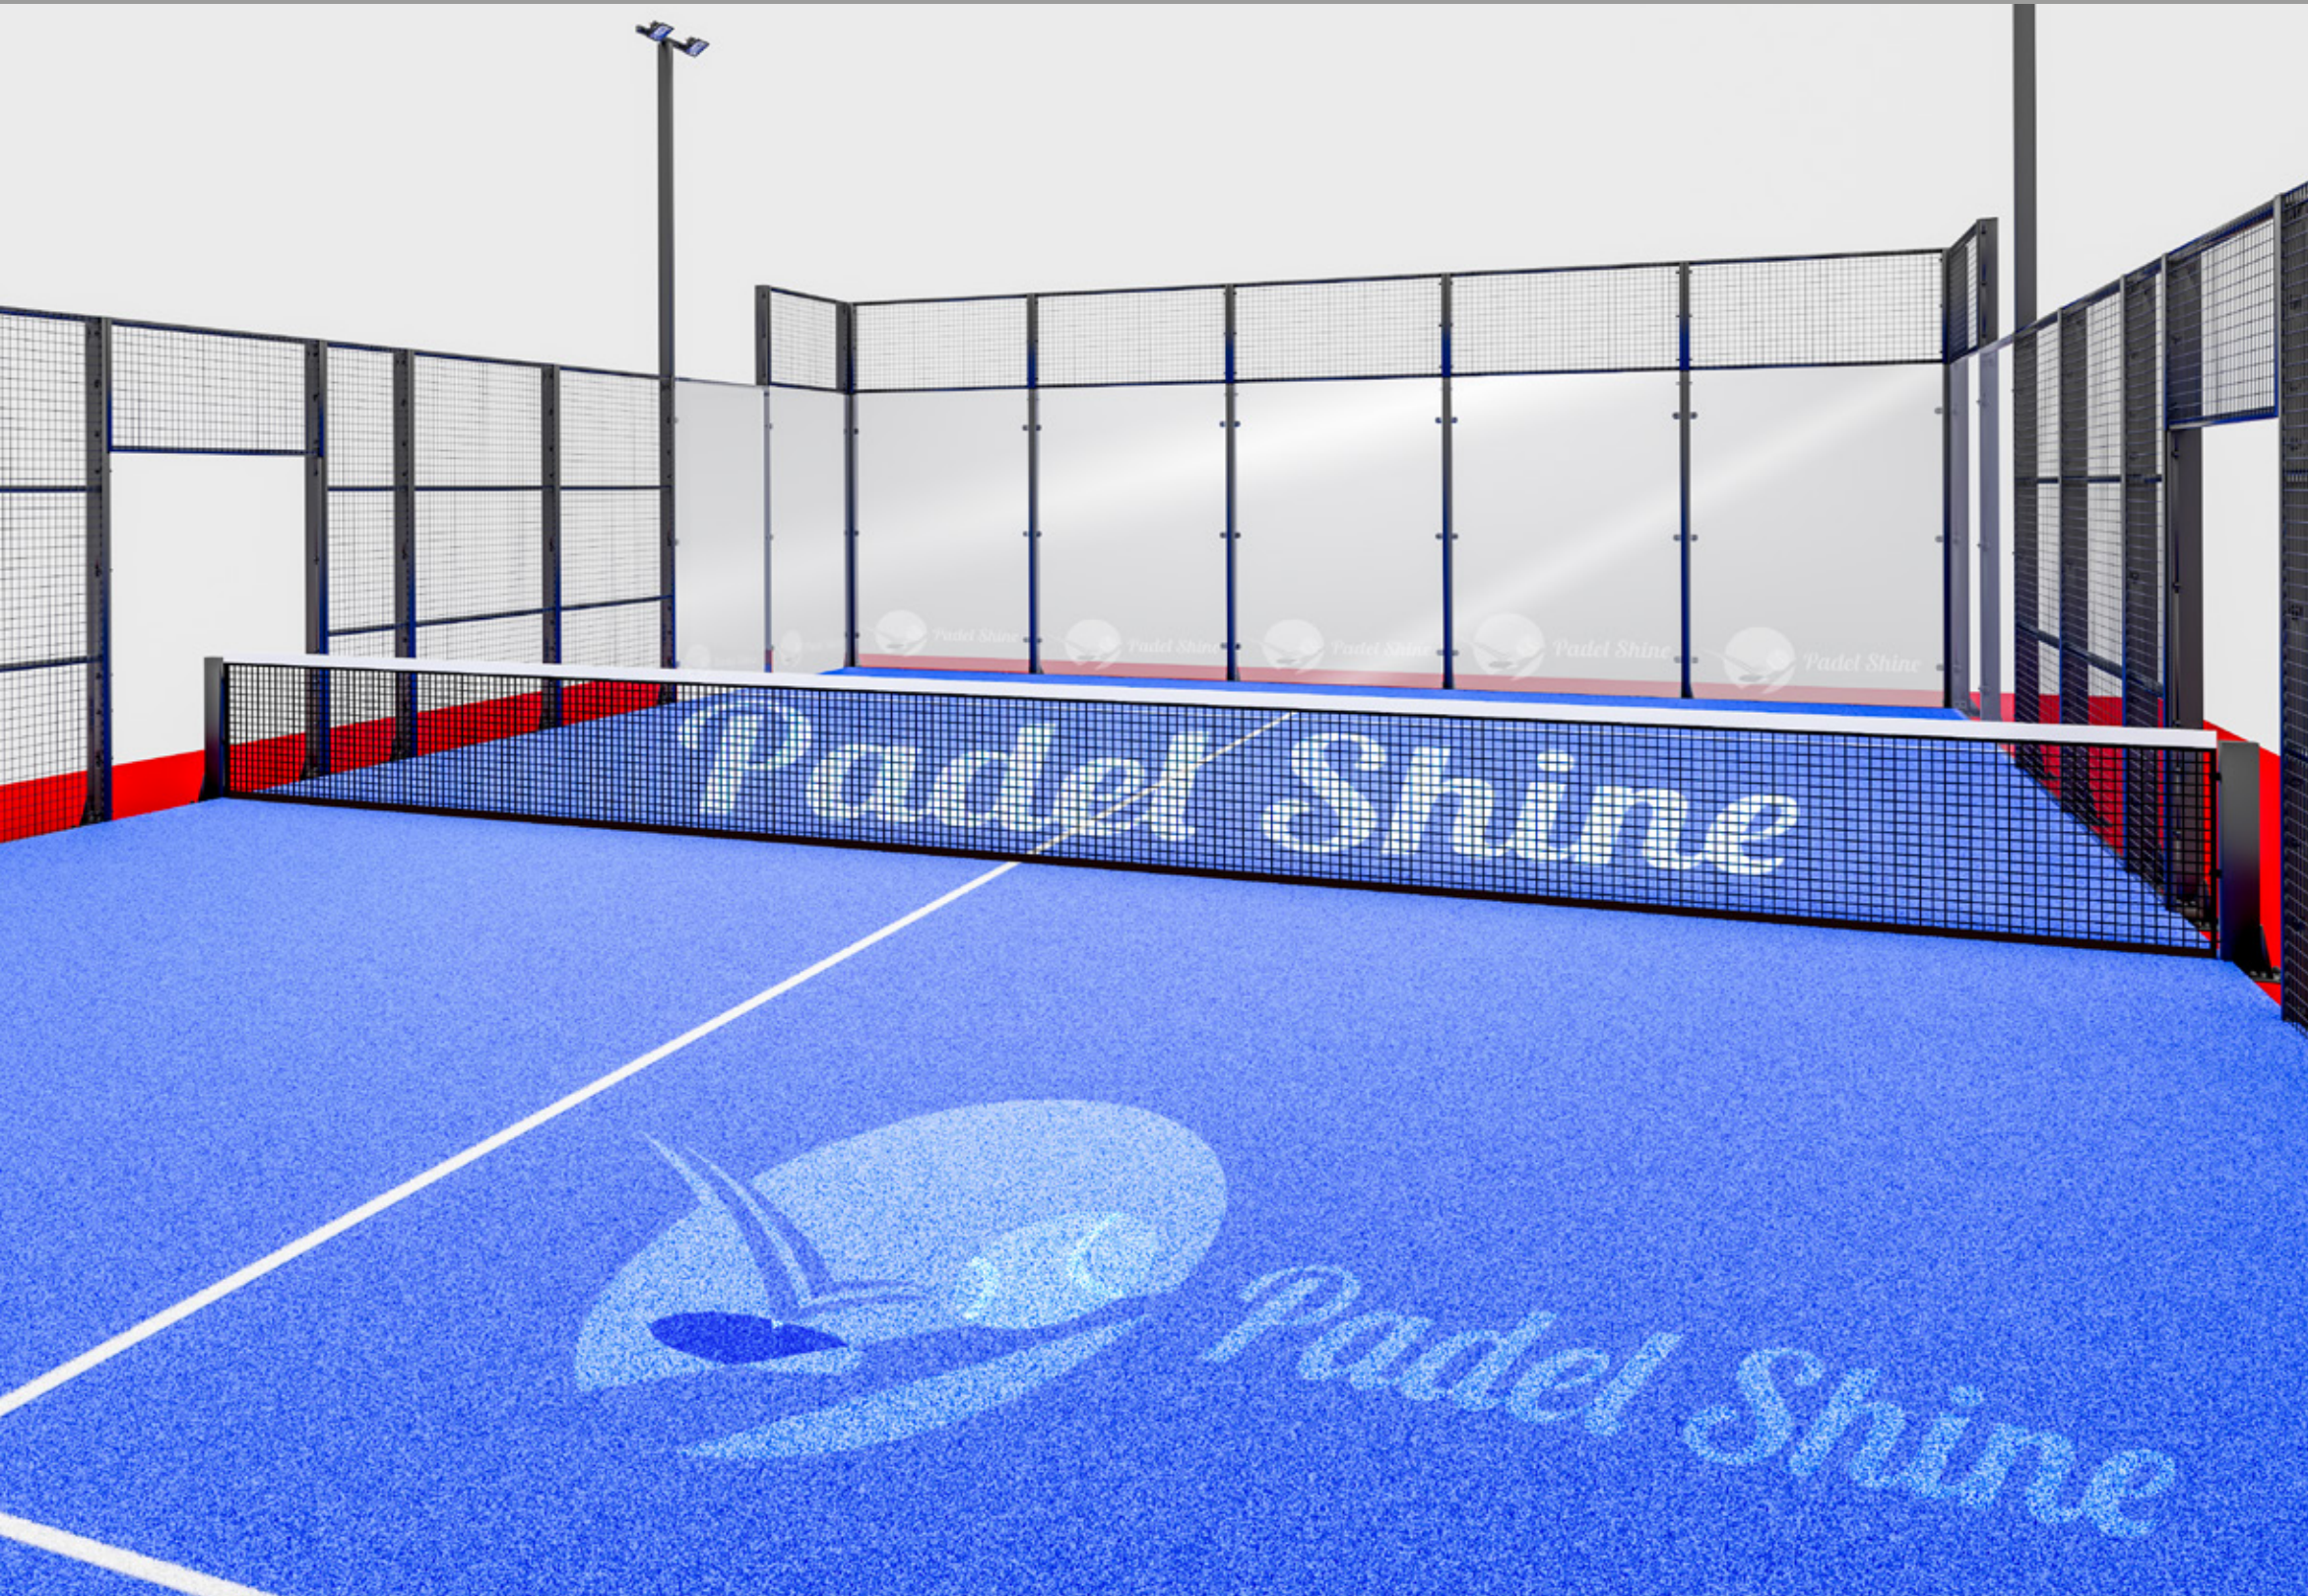

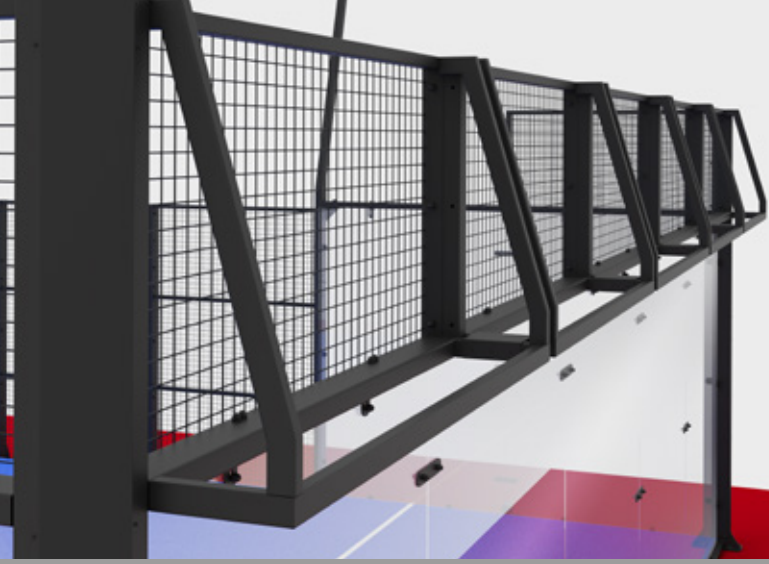

Since entering the padel industry, **PADEL SHINE** has quickly become a trusted name, offering innovative models like **PADEL PRO**, **PADEL MEGAVISION**, **PADEL STAR**, and **PADEL 360**, each designed for professional and recreational use. Our courts are now featured in top clubs and international tournaments, reflecting our commitment to excellence and precision in every project

PADBOL

The Fusion of Football and Padel

Dynamic, Fast-Paced, and Highly Engaging

Padbol is a thrilling, fast-paced sport that combines elements of football (soccer) and padel, creating a unique and energetic game loved by players of all ages and skill levels. Played on a smaller court with walls, Padbol allows players to use their feet, head, and body to pass, hit, and score. The game's innovative blend of skills makes it a fun and challenging experience, perfect for those who love both football and racket sports.

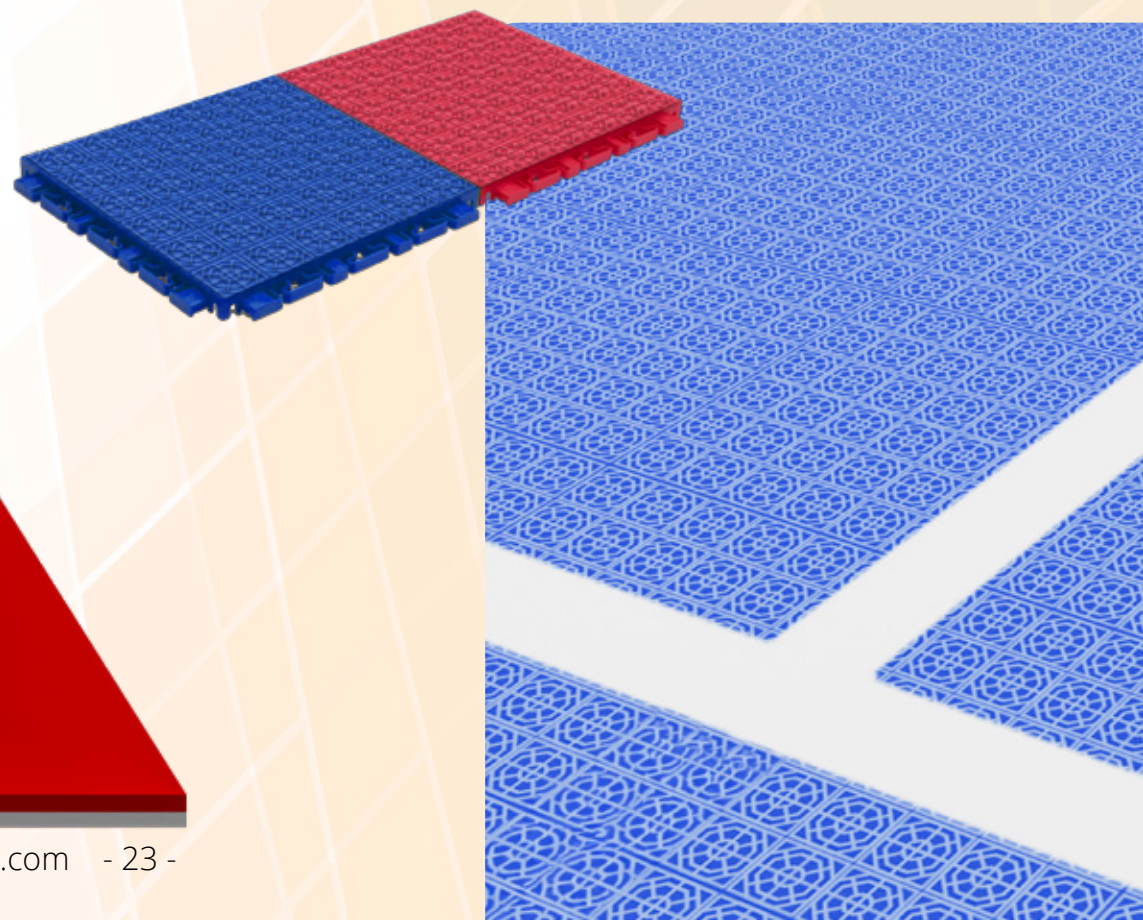

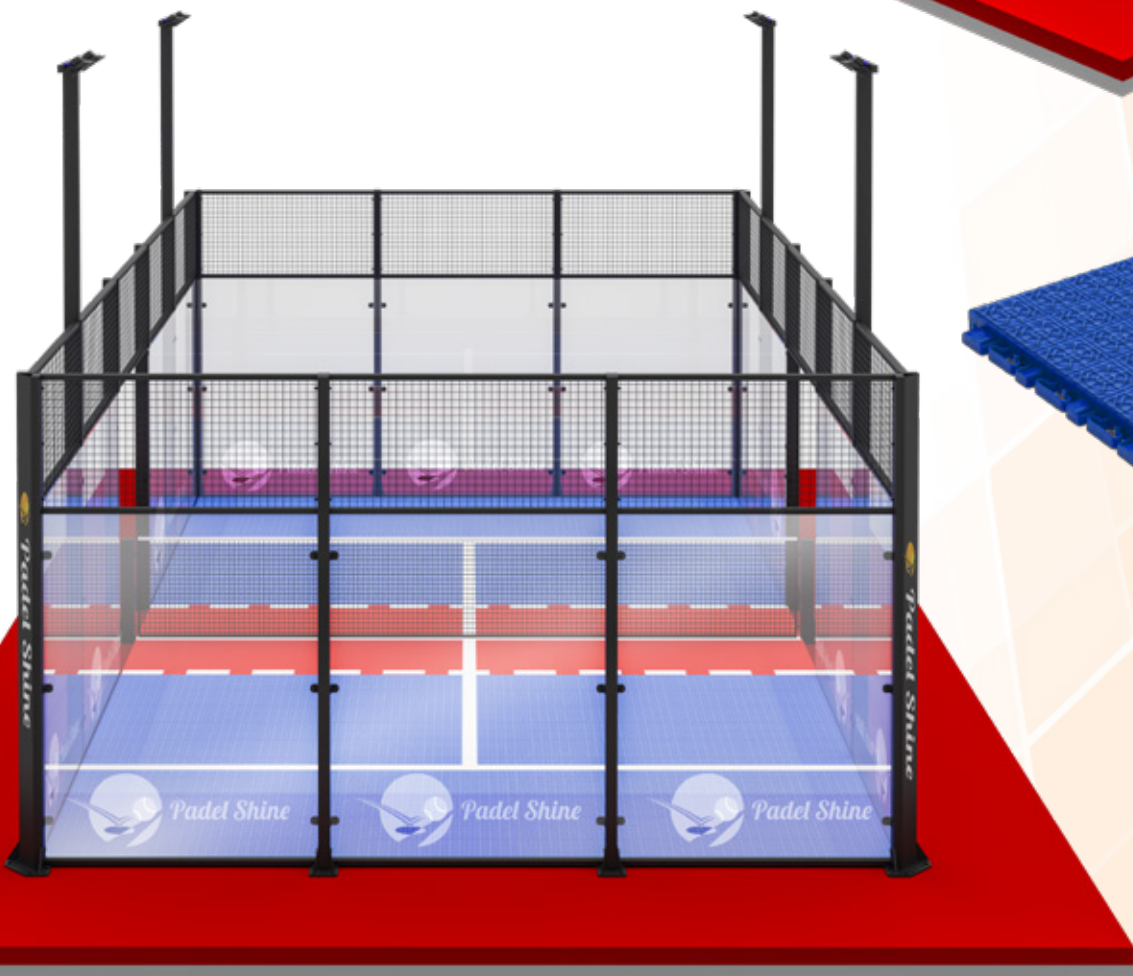

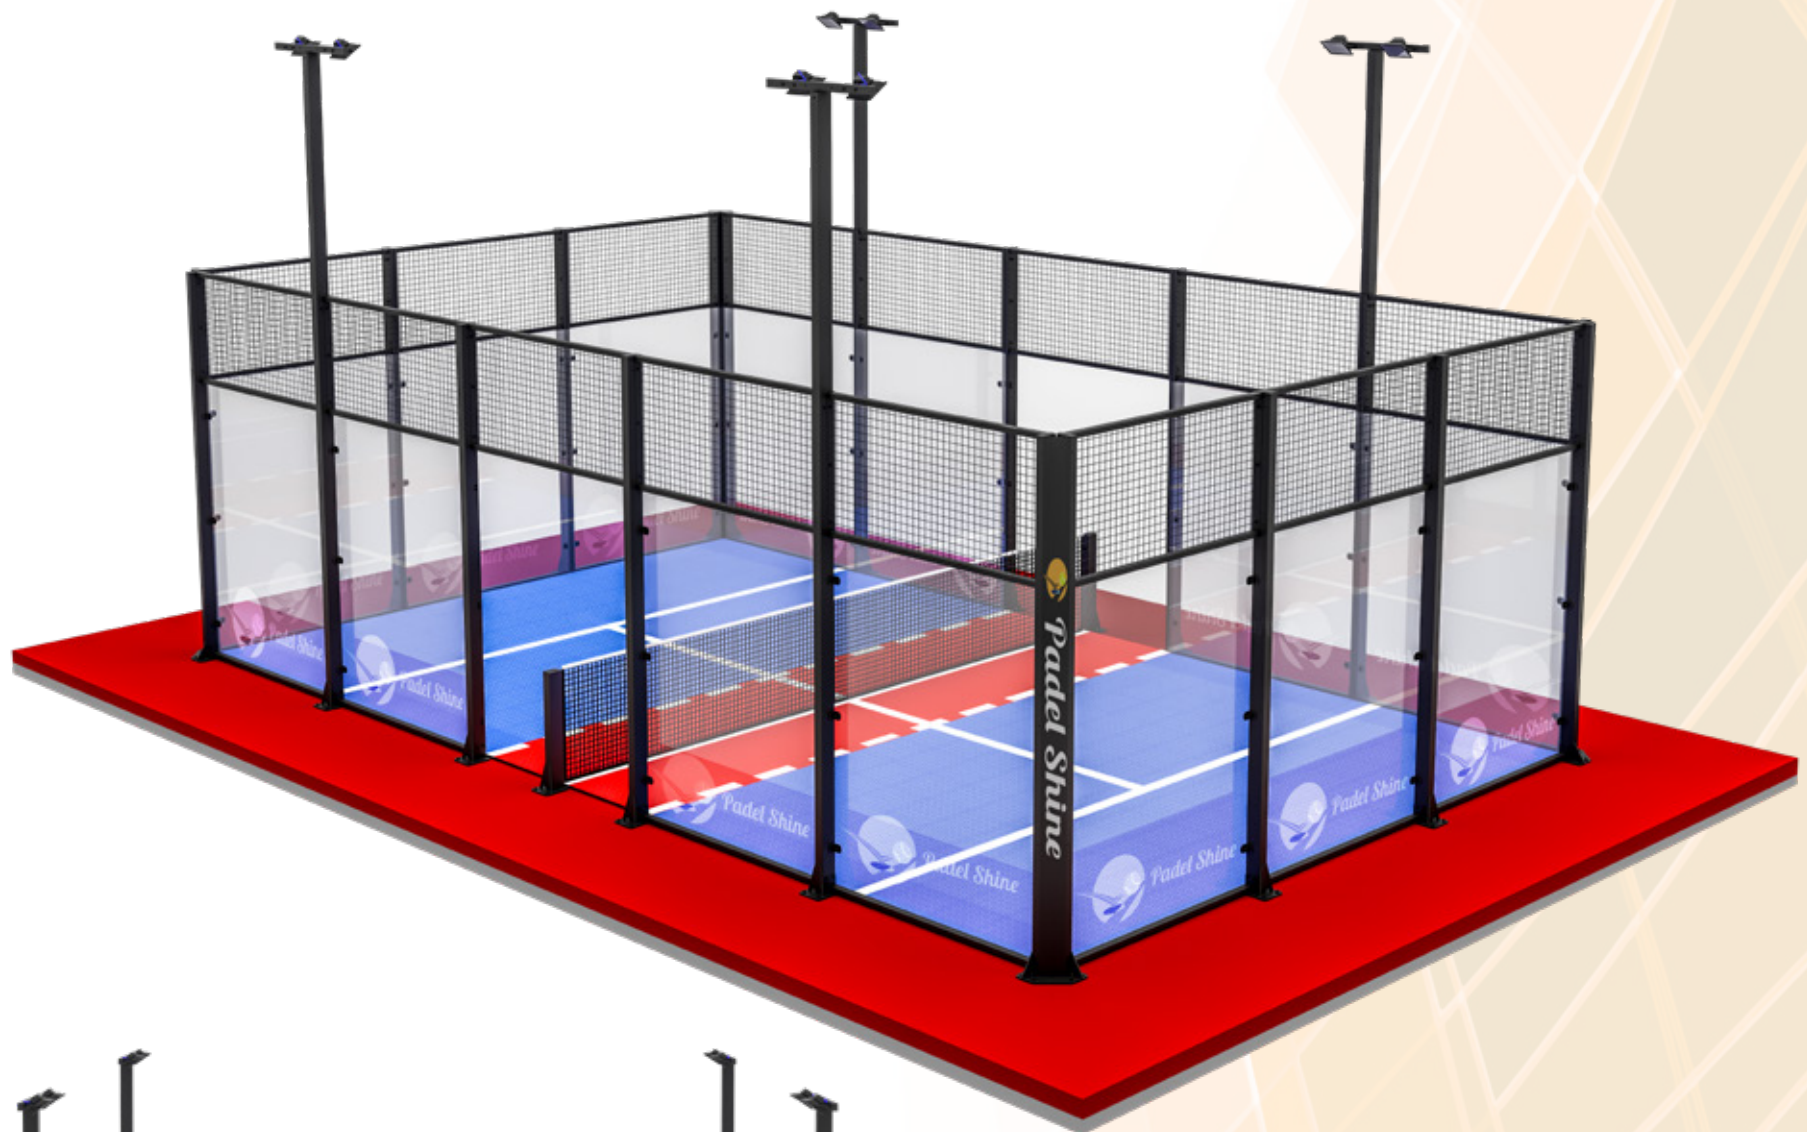

Why Choose Padbol?

Padbol is perfect for sports clubs, gyms, and recreational centers looking to offer something new and exciting. The game's quick pace, skill-based gameplay, and fun mix of football and padel make it a hit with players, while its compact size allows for easy installation in a variety of venues. Whether for professional competition or casual fun, Padbol offers a refreshing take on traditional sports.

Key Features:

- **Compact Court Design:** Played on a court smaller than traditional football or padel courts, making it ideal for small spaces and quick matches.
- **Foot-Based Gameplay:** Players use their feet, chest, and head to pass the ball and make plays, combining football techniques with the enclosed space of padel.
- **Glass Wall Rebounds:** Similar to padel, the ball can be played off the glass walls, adding a strategic and dynamic element to the game.
- **Team Play:** Played with teams of two, fostering communication, strategy, and skillful teamwork.

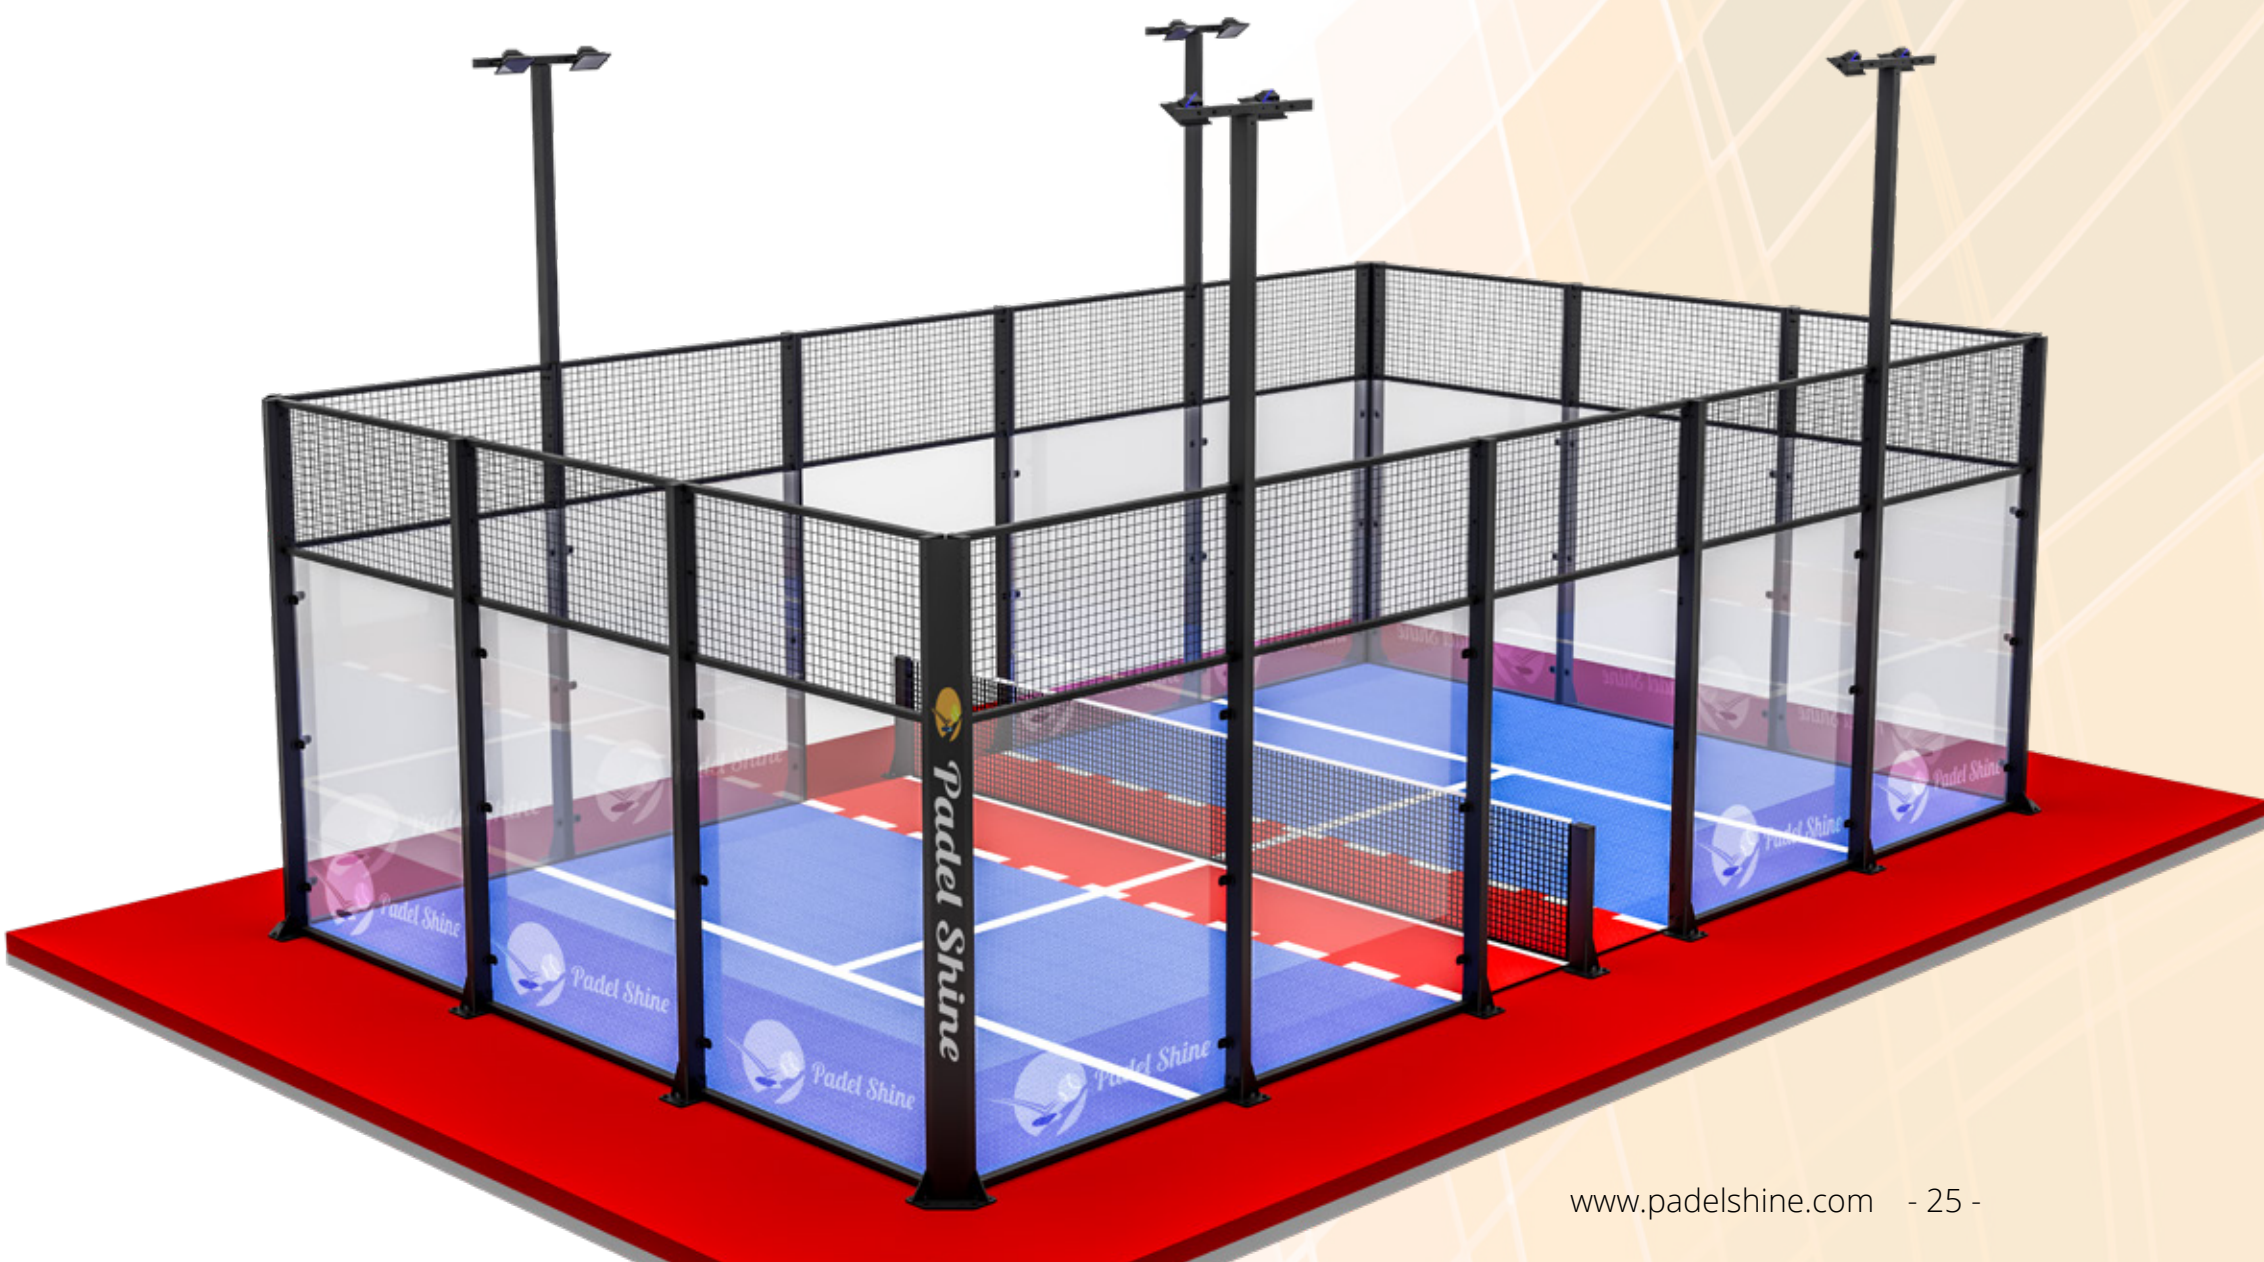

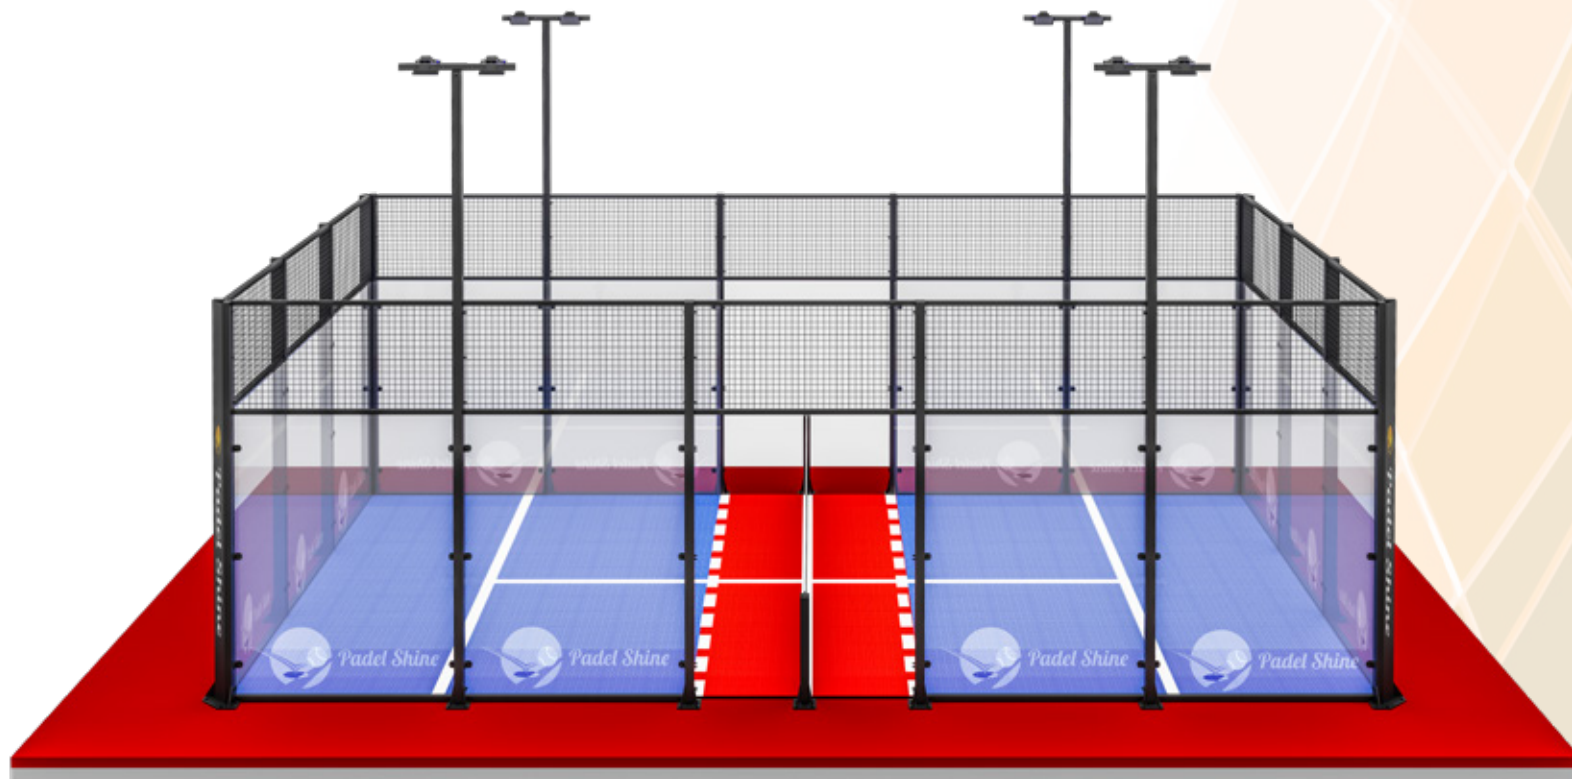

Technical Details

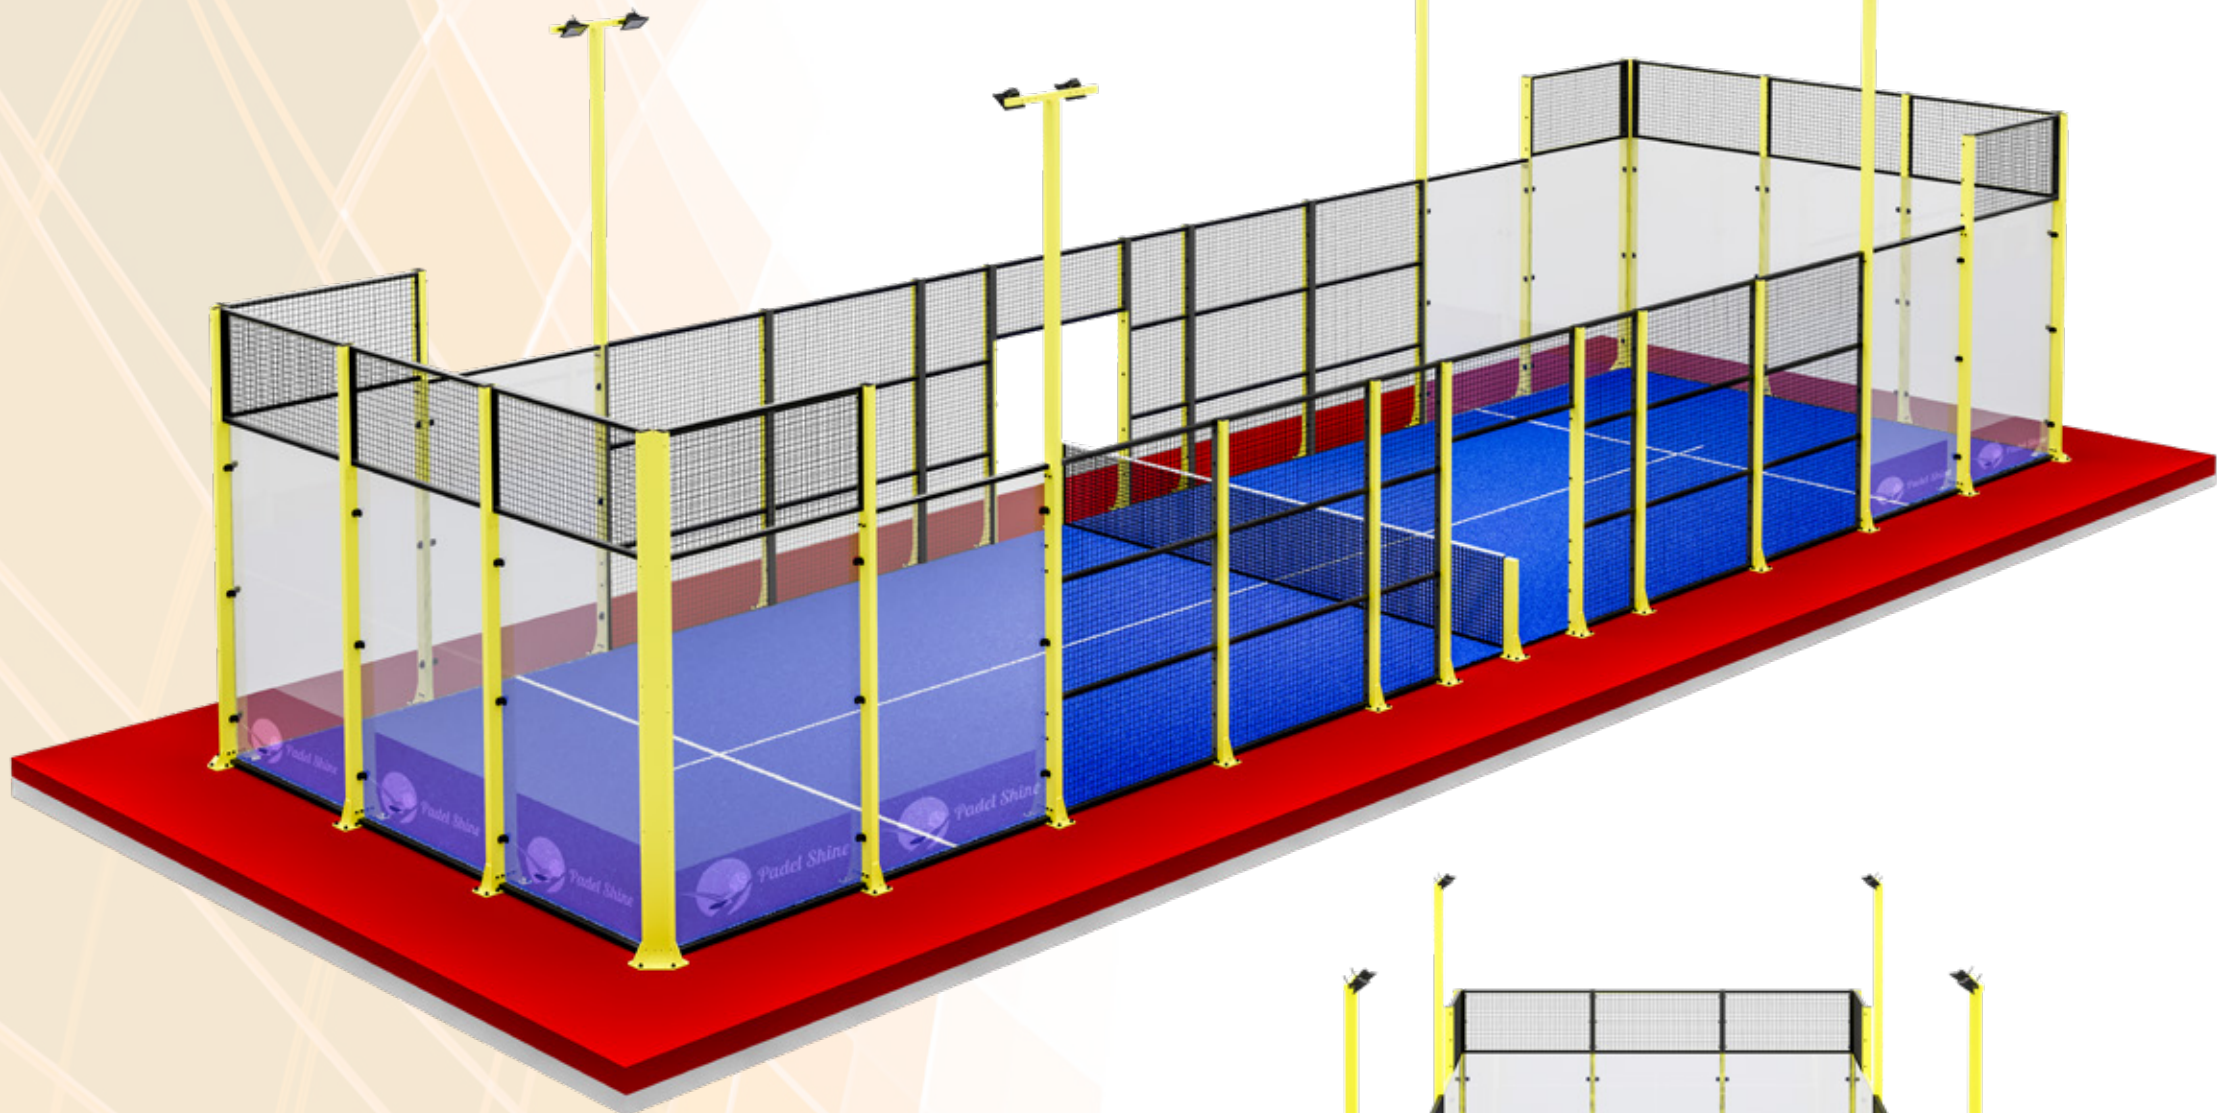

- Premium quality hot galvanised steel construction. 120x80x3 mm steel pillars, premium aesthetic finishing. Pillars are duplicated at the corners 120x60x3mm
